

Ducks

Consonant ending ck (as in rock)

Ducks are water birds. They can be brown, white, green, or yellow. They like to quack. They like to peck for food. They like to swim in the water. They have webs on their feet for swimming. They fly south for the winter. They fly to warm weather and open water. Then they fly back in the spring.

Word Study: Students underline each "ck"

"ck" as in rock

Sound out

ducks

quack

peck

back

Remember

water

birds

warm

weather

open

Sentence Writing: Name places where you can see ducks. Use the prepositions "in" and "at". For example, "at a park"

1. _____

2. _____

3. _____
